here is a little story
about how my life changed (laugh)

I want to escape this world filled with old ladies and kogals!
Uwaah I'm going to die! I'm going to die!
Dear God... Does a Yamato Nadeshiko no longer exist in this world?
Are all 17 year old girls in Japan gyaru and otaku nowadays?
I hate girls. I always blurt out the wrong things.
I always need to use the bathroom whenever there's a group of them.
Ah! We've been found? Nah~ Not even!
Is this where we... we part ways. ?

(T/N: Kogel is a part of the Gyaru subculture which is stereotypically seen as shallow and materialistic.)

This is the 103rd time this has happened...
curse
I've learned my lesson by now, but I've also gotten tired of it...
Hmm. Did you really think I was out taking an exam?~ Kyahahaha!
Look at you.
Kyahahaha!
wakaru
Kyahahaha!
Who are you explaining this to?
Sentaro
But I'm not really hanging myself? That way of dying is just an illusion.
SFX: running steps
I hate this world! Farewell!
But I don't care what anyone does anymore!
